

## Features & Advantages

- **Toughness** - Engineered for long hours operations.
- **Swap & Go** - Wet-end and motor can be easily detached on site. Just swap either component when service is required and let the system keep running to reduce down time.
- **Robust** - Unique flange connections both in Inlet and Outlet for extra stability.
- **Convenient** - Extra-large basket for long intervals between cleaning.
- All models come with flange connection 65mm Inlet and 65mm Outlet.
- Optional Shock absorber (Product Code: 90576) is available.
- **Self** - priming at 2m.
- Enclosure Class is IP55 & Insulation Class is F.

## Warranty

Pump	2 years
O-ring and Mechanical Seal	1 year

**MONSOON™** pump is designed for commercial swimming pools. The entire range comes with standard flange connection. With 75mm Inlet and 65mm Outlet, it offers well balance between flow rate and head. MRB series pumps are built for the toughest conditions with heavy duties motor and pump components.

## Operating Limits
