

Minder’s QS series is manufactured using one-piece blow-moulded technology. Low pressure operation means it is more affordable to everyone.

Operating Limits

Maximum water temperature	43 °C
Operating Pressure	1.0bar
Maximum Pressure	2.5bar

Material

Tank: HDPE
 MPV: ABS
 Clamp: GF-PA66
 Base: PP

Specification

MODEL	CODE	MULTIPOINT VALVE UNION SIZE		TANK Ø	FILTRATION AREA	DESIGNED VELOCITY	MAX FLOW RATE		MEDIA BED DEPTH	SILICA SAND (kg)	
		2.5bar	IMPERIAL	METRIC	mm	m ²	m ³ /h/m ²	m ³ /h	lpm	mm	1-2mm
QS21	72867	1.5	1.5	50mm	550	0.22	48	12	200	340	85
QS25	72868				650	0.33		16	267	400	155

QS series is approved by “Greener Production” scheme

Cleaner Production (CP) Scheme is an adoption of clean production technologies to reduce emissions and achieve greater energy efficiency.
